

Tena koutou, tena koutou, tena kaotoa

Dear Parents, Caregivers, Whanau and Students

This week we celebrated NZEI's Support Staff Week. We always acknowledge all our support staff in regards to the fantastic job they do supporting everyone at OIS. However, this week we make a little more fuss over them. I would like to thank the Admin. Team (Donna, Jackie, Shantal, Jane and Diane) for all the support they give to the Leadership Team, staff and students. Thanks to the Teacher Aides (Janet, Louise and Lincoln) for supporting teachers and students in the classrooms. Special thanks to our Property Manager (Tim) who always makes OIS look beautiful and well kept. Finally I would like to thank our Social Worker (Savannah) who works tirelessly with our students and families every day. Together you all achieve **'Excellence for All'**.

Thank you to all our parents/caregivers for looking after your child last Friday and supporting our Teacher Only Day. This was a fantastic day of professional learning for the teachers at Otahuhu Intermediate. Our focus was on ensuring that all teachers were aware of the professional standards expected by the NZ Teaching Council, as well as focusing on the quality of teaching and learning practices expected and appraised throughout the year. Throughout the day we discussed how we can improve our teaching practice to meet the needs of the individual students in our classes and how we ensure that our students are becoming independent learners and are taking personal responsibility for their learning.

This week we practiced our Emergency Lockdown with the support of Harrison Tew personnel. Practicing emergency procedures is a very important part of our school's health and safety. It is important that staff, students and the community are aware of the process of an emergency lockdown. An emergency lockdown can happen for a number of reasons (Police request, intruder in the school, swarm of bees, dogs running around fields, etc.) where the Leadership Team deem it necessary to lockdown the school for staff and students safety. As a community, you are informed if the school moves in to an emergency lockdown by notification on the school website, an email or text message is sent to parents/caregiver based on our student management system. **Please Note: If you did not receive notification on Wednesday, your mobile number or email address maybe incorrect on our student management system. Please get your child to bring the updated information to the office.**

Once again, thank you for your continued support related to your child's learning. We really do appreciate it.

Have a fantastic weekend.

Brent Woods
