Landscaping to OIS Cobble Brick Driveway and Entrance

This week at the foot of the front door entrances to the main Reception and Hall is the beginning of the landscaping project. The cobble brick driveway and footpath entrance is being removed. For the next two weeks the driveway into school will be closed for drop offs and pick ups. We kindly ask all students to walk into the school grounds each morning and after school. Thank you for your support with the next exciting project at school.

Much appreciated Leadership Team.

School holidays are almost here.

StepsWeb is a programme we are using at school this year. This is a specialist literacy programme which teaches reading, spelling, vocabulary and comprehension and helps students accelerate their learning and it's fun.

StepsWeb can be accessed at www.stepsweb.com

If you have a computer at home this is a great activity for our students to do over the holidays. Or you can visit **Otahuhu Library** and use the computers for free there.

They also have amazing range of books you can borrow and games and activities to do at the library. Watch out for holiday programmes too, that the librarians run.

How many books can you read over the holidays? If you don't have a library card you can enrol at the library and then you can borrow lots of cool books .
